

Creative Music and Movement Education

Music and More

Brisbane workshop

with

Susan Curbishley

Everyone deserves a quality music education. Music helps us communicate, collaborate and develop our creativity. It helps our brains make connections and supports other learning. Music helps us to express our emotions. It truly is a language the whole world speaks. Join Susan for a day of exploring ways to actively engage students in music making, encouraging creativity and all while having fun!

**Saturday 11 May
(9.00am – 3.00pm)**

**Jindalee State School
Music Room**

Directions to the Music Room

Enter school on Wongaburra St through 2nd gate down from the corner of Wongaburra & Burrendah Rds. Walk down to the school hall and follow the path around the right-hand side of the hall to the music room, which is behind the hall and adjacent to the tennis courts.

Registrations due: Friday 3 May

For further information contact
gosanews@gmail.com or
Nikki Cox on 0411 868487

QOSA approved certificates are provided, indicating hours of attendance. These can be used for your professional development portfolio.

Please ensure you wear clothes and footwear appropriate to move with ease.

Susan Curbishley is an inspirational and talented music teacher whose love and passion for music is infectious. She currently teaches full-time music from Preschool to Year 6 at Mother Teresa School, Harrison, ACT. Susan believes that music is for everyone, regardless of age, ability and experience. Her passion is to empower all students and teachers to experience success in music and she readily shares her programs and classroom with anyone. Susan's renowned school practices, and in-servicing of teachers, sees her recognised as a leading music practitioner, who presents workshops regularly in and around Australia.

This workshop will be divided into three sessions:

Clap Your Hands!

Hand clapping songs and games are linked to the development of cognitive skills and have overall health benefits for adults and children. Research shows that children who participate in these fun games are often better spellers and readers. See what can be done with these great games in the classroom.

Wind Song

This unit of work, originally written for middle primary, will take a simple idea and the process of Orff Schulwerk, to inspire creative and personal responses to music making.

Adventures from the Singing Apron

A collection of tried and true ideas for the Early Childhood classroom.

Every music lesson we give can instil in our students a love of music. Lessons in the foundation years of schooling can capture the imagination and creativity of children and teacher alike. With the help of a simple apron with pockets, MANY music and movement lessons come to life, as we travel through time or around the world. Imagination plays a key role in creative learning and is limitless once we begin.
